

OPTIMIZER PLUS

# **FEATURES**

#### 1 Smart Touch Control Panel:

It is positioned at a suitable height for ease of access. It has different functions like START, STOP, RESET & UNLOCK.

# **2** Centralized Locking:

All units can be locked together with this locking system. To operate again, the centralized lock should be unlocked.

## **③** Central Power Switch:

Equipped with central power switch, it offers convenience in operation.

## **4** Wooden Platform:

New platform with an ergonomically designed access ramp is easy to install and can be fixed directly on the ground or can be embedded in the pavement, which eliminates grouting and prevents civil floor work.

# **5** Passive Safety:

Power Drive is equipped to detect obstructions for the safety of users. It can detect a person entering the aisle and lock itself automatically.

#### **Colour Options:**

Sugar White Aero Blue

# **FEATURES**

#### 1 Drive Wheel:

The ergonomically designed and positioned wheel provides a firm grip for operation. It has appealing aesthetics.

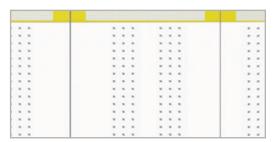

#### **2** Locking Knob on Each Unit:

It is used as manual locking to provide additional safety when the user is inside a specific aisle. It restricts the operation of the other units.

## **3** Ventilation Ready:

The front and rear panels are designed with perforations for ventilation.

## 4 Centralized Locking:

All units can be locked together with this locking system which is positioned on the cover unit of the last drive. To operate again, the centralized lock should be unlocked.

## **5** Wooden Platform:

New platform with an ergonomically designed access ramp is easy to install and can be fixed directly on the ground or can be embedded in the pavement, which eliminates grouting and prevents civil floor work.

#### **Colour Options:**

Sugar White

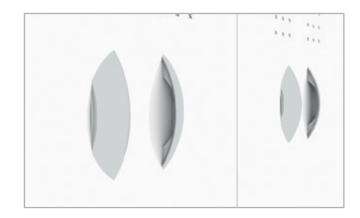

Warm Grey

# **FEATURES**

#### 1 Push-Pull Handle:

The ergonomically designed C-shaped handles give a firm grip and decrease the effort required for movement of units.

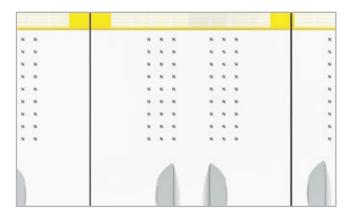

# **2** Centralized Locking:

A locking stiffener is provided on the last unit to lock all units together.

## **3** Ventilation Ready:

The front and rear panels are designed with perforations for ventilation.

Sugar White
